Limit access to reports for staff

Book On the Go

The power to book from anywhere at any time, right at your fingertips! 24/7 access means just that. With our salon scheduling app you can view, add, or edit appointments at any time, without having to call in during business hours.

Go Ahead

Kick your feet up and enjoy that morning cup of joe. With over 25 of Salon Iris's most popular reports, you can monitor your business's activity from the comfort of your own living room.

Keep in Touch With Your Clients

Keeping up-to-date on your clients is vital to your success which is why we give you full access to their contact information, purchase history, and formula notes. You can add new clients, edit existing ones, or even call, text, or e-mail them right from the app!

Access From Wherever You Can Connect

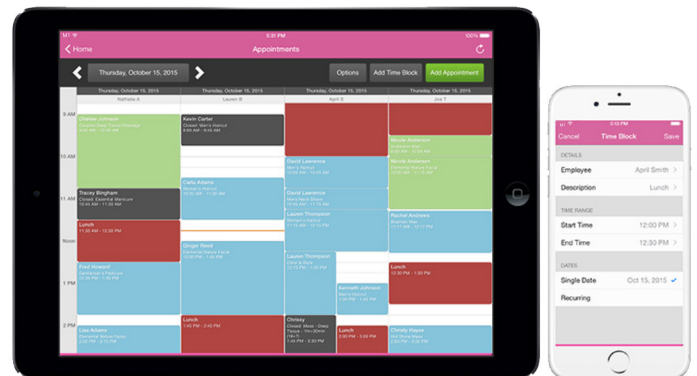

Connectivity doesn't end with our salon scheduling mobile apps. Use any device with an Internet connection to connect with the Remote Access website and gain access to the same great salon booking features from anywhere!

Android Phone and Tablet

Our Android salon mobile app has all the features you need to add, book and check out clients. But its features don't end there! It's like a mini version of Salon Iris, right in your pocket, and while you're out and about it might just become one of the best friends you have!

iPhone and iPad

The Salon Iris app frees you from doing all of your business at a computer. Find new clients while you're out on the town and book them with just a few taps of the screen. Yes, it's that simple! Our app is formatted especially for your iPhone or iPad to make managing your business on the run quick and easy.
